February 23, 2006

An act to add Section 20900.5 to the Government Code, relating to public employees' retirement.

### LEGISLATIVE COUNSEL'S DIGEST

AB 2355, as amended, Negrete McLeod. Public employees' retirement: service credit: California State University academic employees.

The Public Employees' Retirement Law prescribes the rights and benefits of the members of the Public Employees' Retirement System and provides for the membership of academic employees of the California State University. The law provides that members of the system who are excused from their duties, and who are compensated during these times at amounts less than full compensation, receive reduced service credit for that period, as specified. The law permits these members, upon return and election, to receive full service credit for these periods if they make contributions to the retirement fund in an amount equal to the increase in employer liability, as specified, on the date of the request for costing of the service credit. The law also permits specified members who are academic employees of the California State University to receive full service credit if both the member and his or her employer elect to contribute to the retirement

fund an amount equivalent to what would have been contributed if the member had been employed full-time, not to exceed 5 years of part-time status.

This bill would permit a member who is an academic employee of the California State University who, on or after January 1, 2007, is granted a reduced pay leave, as specified, to receive full service credit if the member elects to contribute to the retirement fund the amount that would have been contributed by the member if the member was not on a reduced pay leave. The bill would require the employer, if the member elects to make his or her contributions, to contribute the amount that would have been contributed by the employer if the member was not on a reduced pay leave. The bill would further require California State University personnel to verify the eligibility of a reduced pay leave applicant for this benefit and to keep specified records in this regard.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
